

*Hi Toms - Happy Christmas!!!*

*We have had to be inventive this year so you could still experience the childhood thrill of opening a stocking!! We hope this digital one will do the job and keep you smiling and entertained.*

*This year, instead of unwrapping presents, you have some links to follow as most of your fillers are digital, though there are a few you will need to print, some of which you may decide just to keep as digital items instead.*

*Thanks for letting us know about the Barbour jacket - Father and Mother Christmas will see what we can do!!*

*Happy Christmas, have fun with these and see you soon.*

*Huge Christmas hugs*

*Lots of love, Dad and Mum xxx*
